

The information provided in this document highlights all funding that has been awarded by the Police and Crime Commissioner for Northumbria during 2021-22.

**Please note** that this document will be updated throughout the year if/when further funding is provided.

Funding has been split into the following funding streams which are:

- The **Supporting Victims Fund** was first launched in 2015 to strengthen the overall offer of support to victims in Northumbria and improves and widens the specialist services available to our most vulnerable and priority victims. Priority victims are those that are entitled to an enhanced support service under the Victims Code of Practice, Victims Charter and the EU Directive for Victims of Crime. The key themes within the Supporting Victims Fund this year are domestic abuse, sexual violence and abuse, young people and child victims, victims of hate crime, victims with mental health needs and victims with other vulnerabilities.
- The **Operation Payback Fund** was launched in November 2020 by the Police and Crime Commissioner to put money recovered from criminal activities back into the heart of local communities. The fund is to support many local projects, services and community groups that strive to improve lives in their area and help keep making a positive difference in their neighbourhood often repairing the harm caused by crime. \*All of these projects have received support from this fund during 2020/21 but will be delivering up until March 2022.\*
- **Community Grants (Operation Payback)** were issued to grassroots organisations to support the objectives of operation payback.
- **Full details of all Violence Reduction Unit grants can be found at:**
