

Meetings Between the PCC + CC

29 October 2013 – PCC, DPCC, OPCC CEO, Head of Corporate Communications.

1. The CC presented an options paper to the PCC following the Medium Term Financial Strategy implications of further significant Government cuts to the Northumbria police budget for 2014/15.

The CC and DCC discussed the proposals as both a strategic plan and what practical implications they had considered in terms of both the staff and non-staff budgets.

The PCC questioned the CC and sought further detail on the proposals and implications. The PCC agreed to provide some guiding principles to the CC as to what she was prepared to authorise for further consideration and detail around options. Both agreed that this further work would be required in anticipation of the Government Financial Settlement in December.
