

POLICE AND CRIME COMMISSIONER FOR NORTHUMBRIA

Key Decisions

Title and Reference – PCC.89.2014

Approval of the Mobilisation Strand of the Street to Strategic Programme

Report of Temporary Head of ICT

Summary

To seek approval for the procurement of a set of mobile devices and the appropriately secure Mobile Device Management (MDM) product licenses, to deliver the Mobilisation strand of the Street to Strategic Programme.

Recommendations / Findings

It is recommended that the Commissioner approves the commencement of the procurement of MDM product licenses and mobile data devices (including Smartphones) in order to deliver the Mobilisation strand of the Street to Strategic programme using the following procurement mechanisms:-

- MDM software licenses and installation services and Smartphone devices, are procured by inviting quotations and tenders in accordance with Financial and Contract Regulations to identify a suitable supplier.
- Tablet devices are purchased using an existing framework mechanism available to all Police Forces.

Northumbria Police and Crime Commissioner

I hereby approve the recommendation above.
